

ADVENTURE MAP

APPROX. 1 HOUR

Meet our flightless emus!

Found all over Australia, these large birds are instantly recognisable thanks to their size and speed. Come say hello!

Just hanging!

Koalas can eat up to one kilogram of leaves in a day. See how many you can spot.

Let's hop around!

Kangaroos can take giant leaps, sometimes as far as three times their own height! How far can you jump?

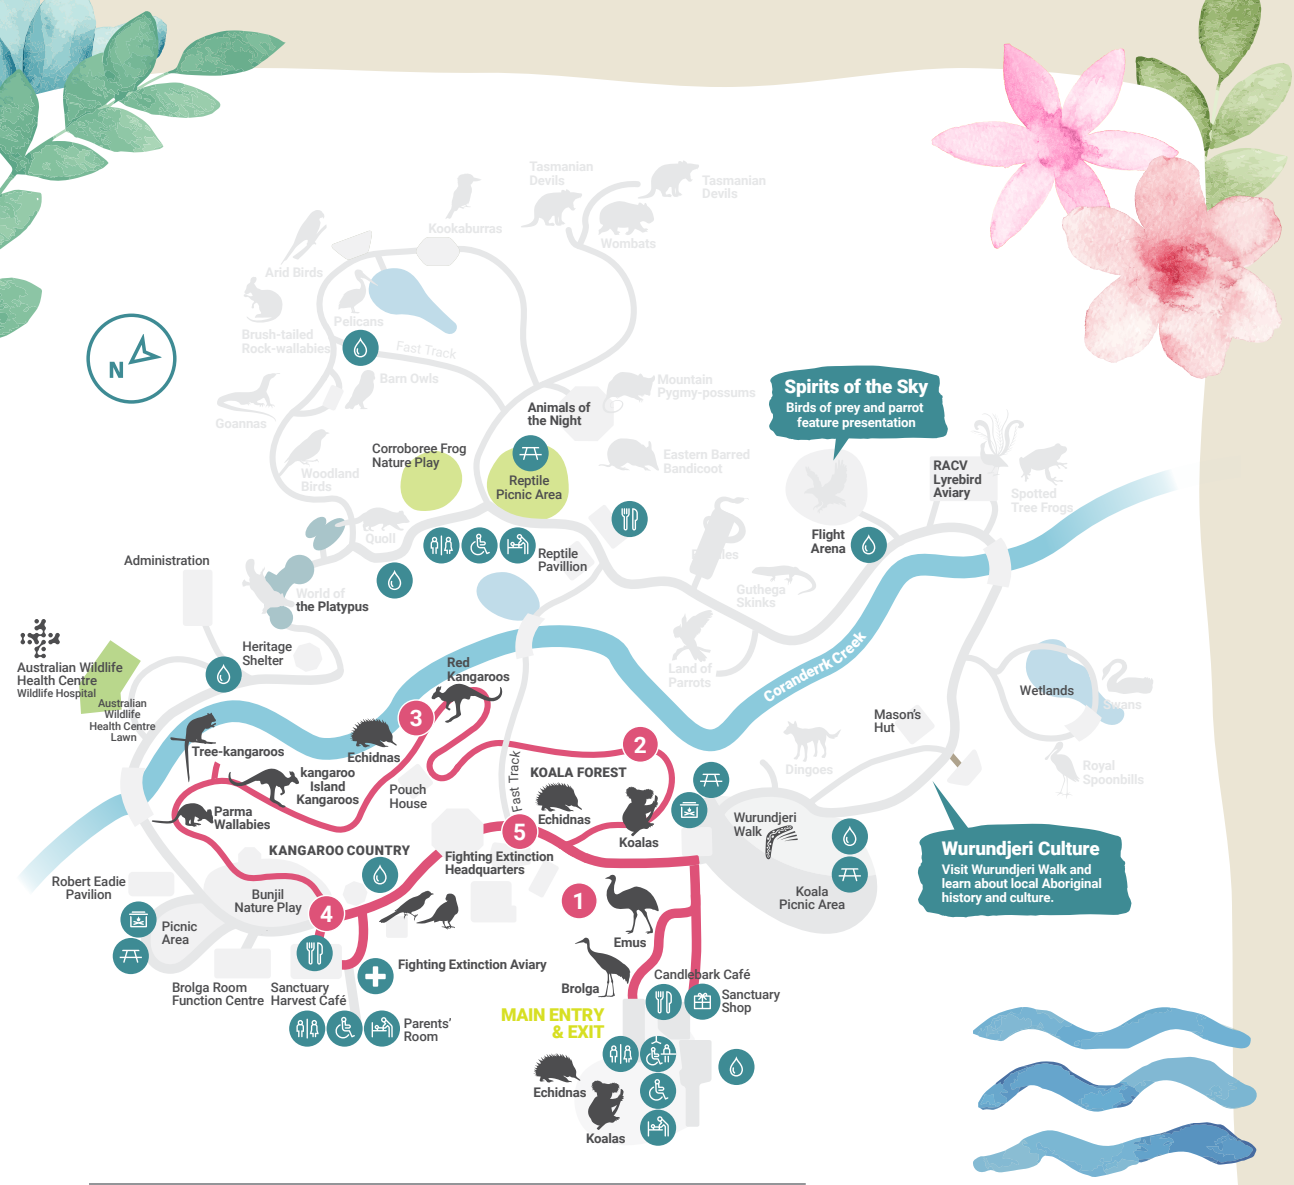

Time to play!

At Bunjil Nature Play you can play in the sandpit, hide in the cubbies or splash in the creek. Creek Play at Robert Eadie is open December to April. There are some shady spots here for a quick break. You can also visit our Corroboree Frog Nature Play space near reptiles.

Prickly types

Echidnas have hair and spikes on their body and will dig themselves into the ground if they are chased.
